development of the tool 2021
www.mydocumenta.com

When you go to www.improvisa.es, you access directly the Improvisa gallery of public compositions.

From here you can access the following menus:

- 
Public compositions
- 
Public albums
- 
Public events
- 
My space (login)

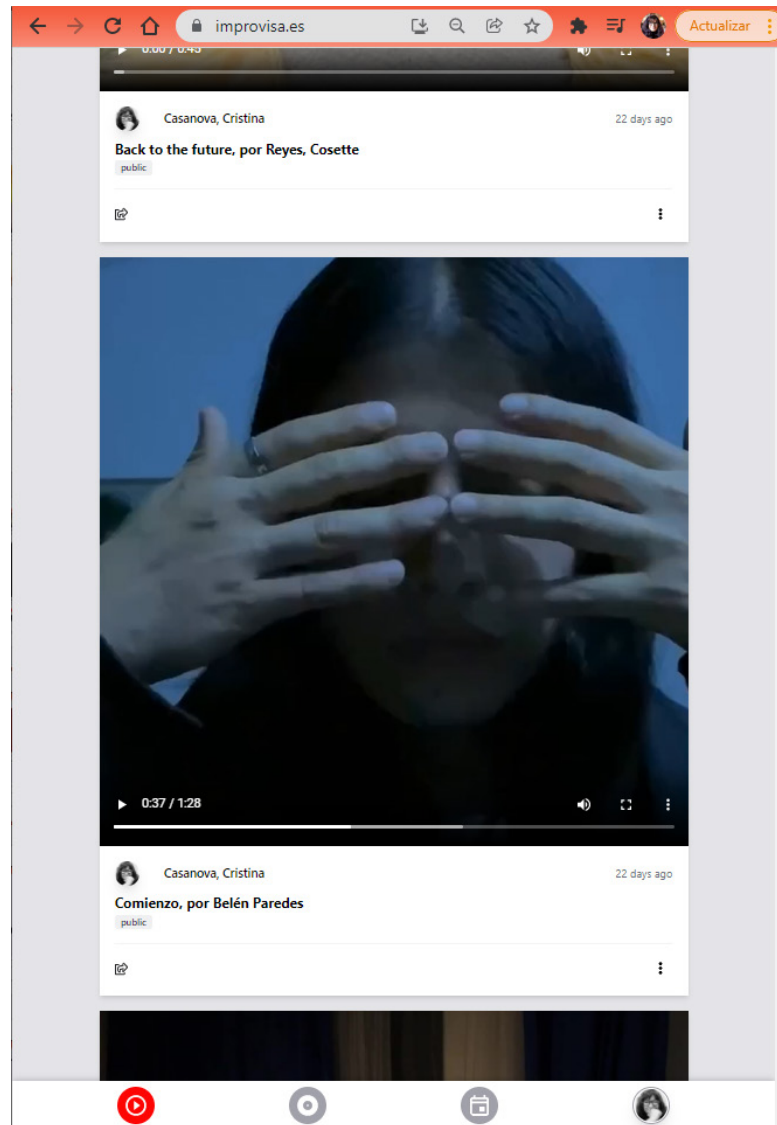

www.improvisa.es

Public compositions of Improvisa

Each of these compositions is a video, result of the recording made by its authors. The videos can be:

- played
- downloaded
- shared on social media (pending implementation)

Public events

My space (login)

Login

From the lower menu you access the LOGIN screen.

If you don't have an account yet, you can create one by clicking the link **"Don't have an account? Sign up!"**

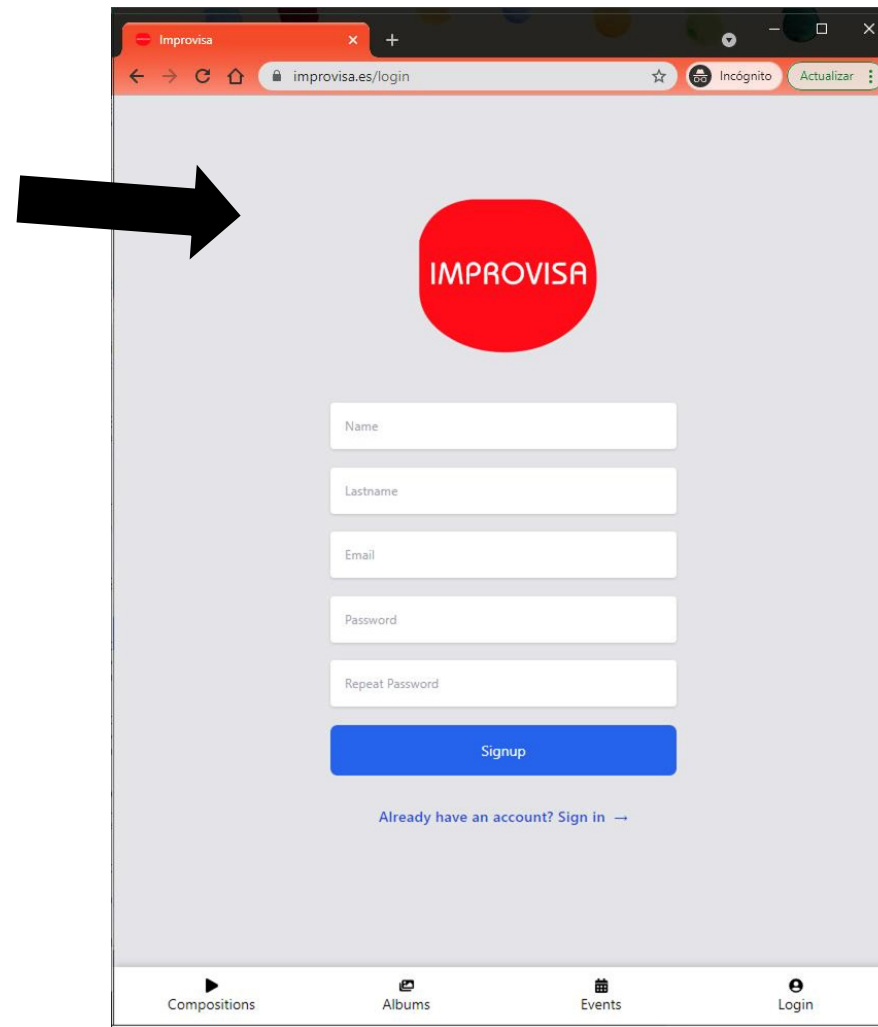

The screenshot shows a web browser at improvisa.es/login. The page features the Improvisa logo (a red circle with the word 'IMPROVISA' in white) at the top center. Below the logo are input fields for 'Email' and 'Password', followed by a blue 'Login' button. A link for 'Forgot password?' is located below the 'Login' button. At the bottom of the page is a navigation menu with four items: 'Compositions', 'Albums', 'Events', and 'Login'. The 'Login' item in the menu is circled in red, with an orange arrow pointing to it from the text 'My space (login)'. The 'Don't have an account? Sign up →' link is circled in orange, with a black arrow pointing to it from the left. Below the navigation menu, there are four labels: 'Public compositions', 'Public albums', 'Public events', and 'My space (login)'. Black arrows point from the first three labels to their respective menu items, and an orange arrow points from the 'My space (login)' label to the 'Login' menu item.

New account

From this window you create a new user. Once you have created it, you will receive an email to confirm that you are the person who created the account.

If you don't receive it, check your SPAM folder!

Public compositions

Public albums

Public events

My space (login)

My compositions

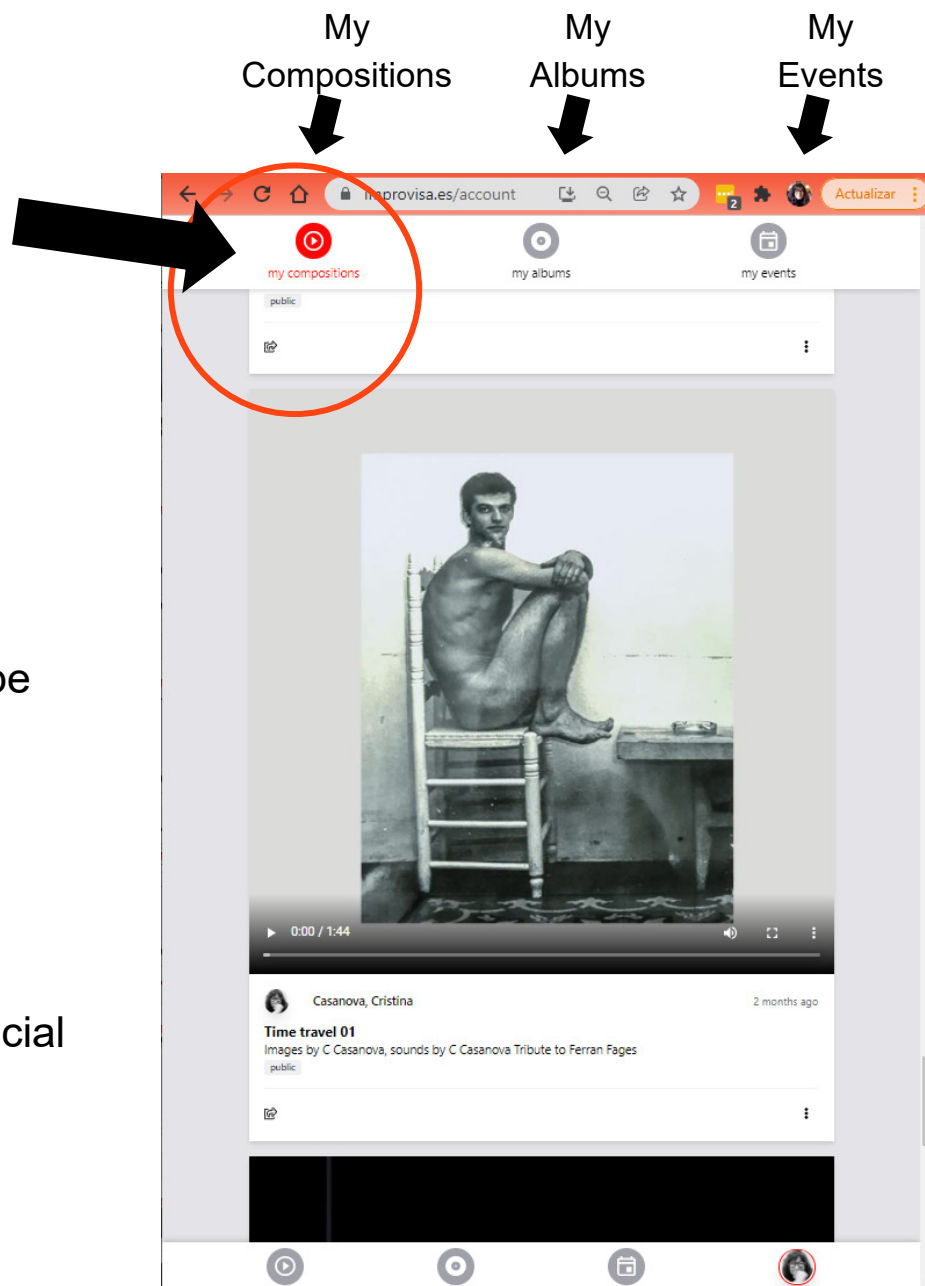

Once you access your space, you enter the window of "My Compositions".

As you record your compositions, they will be listed here.

You can

- play them
- download them
- publish them on social media

IMPROVISA

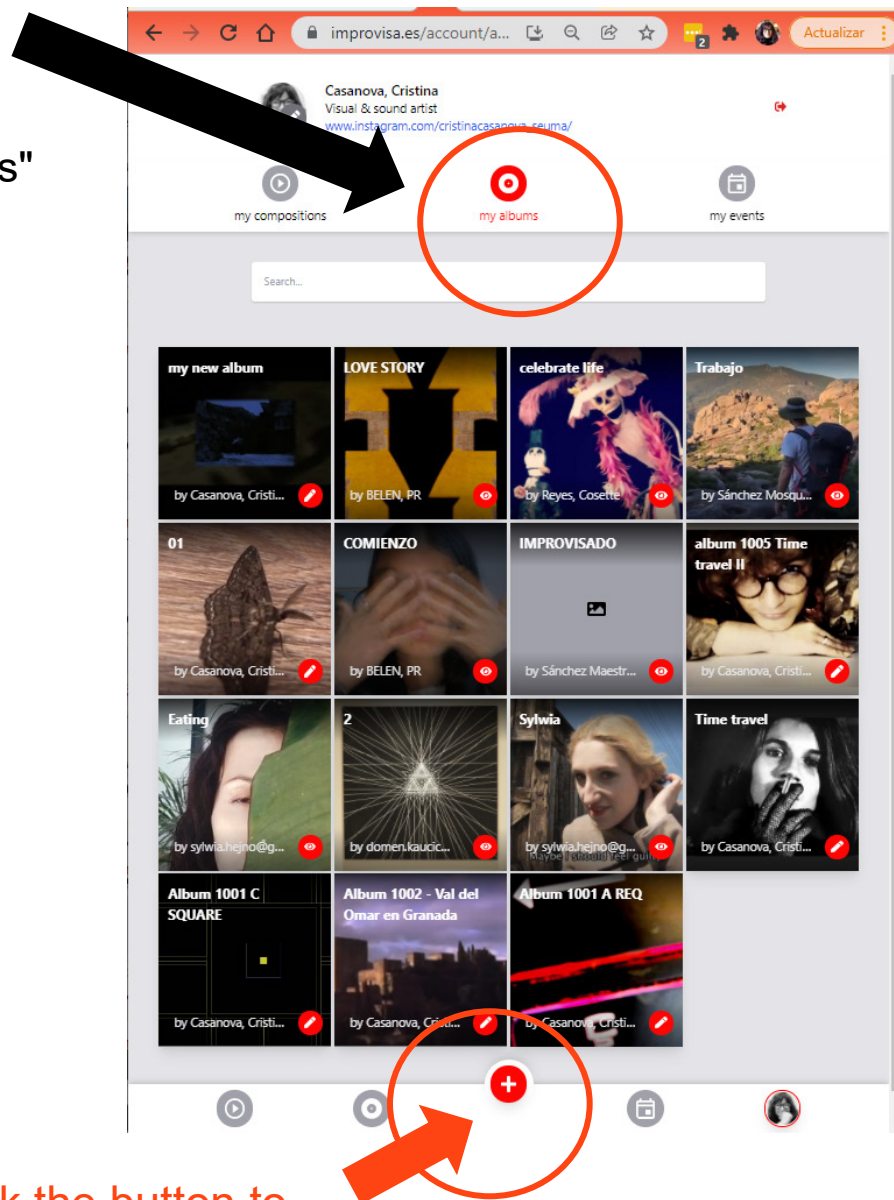

My albums

By clicking the “My albums” menu you can access the list of all your albums (created by you and/or shared by others).

You can

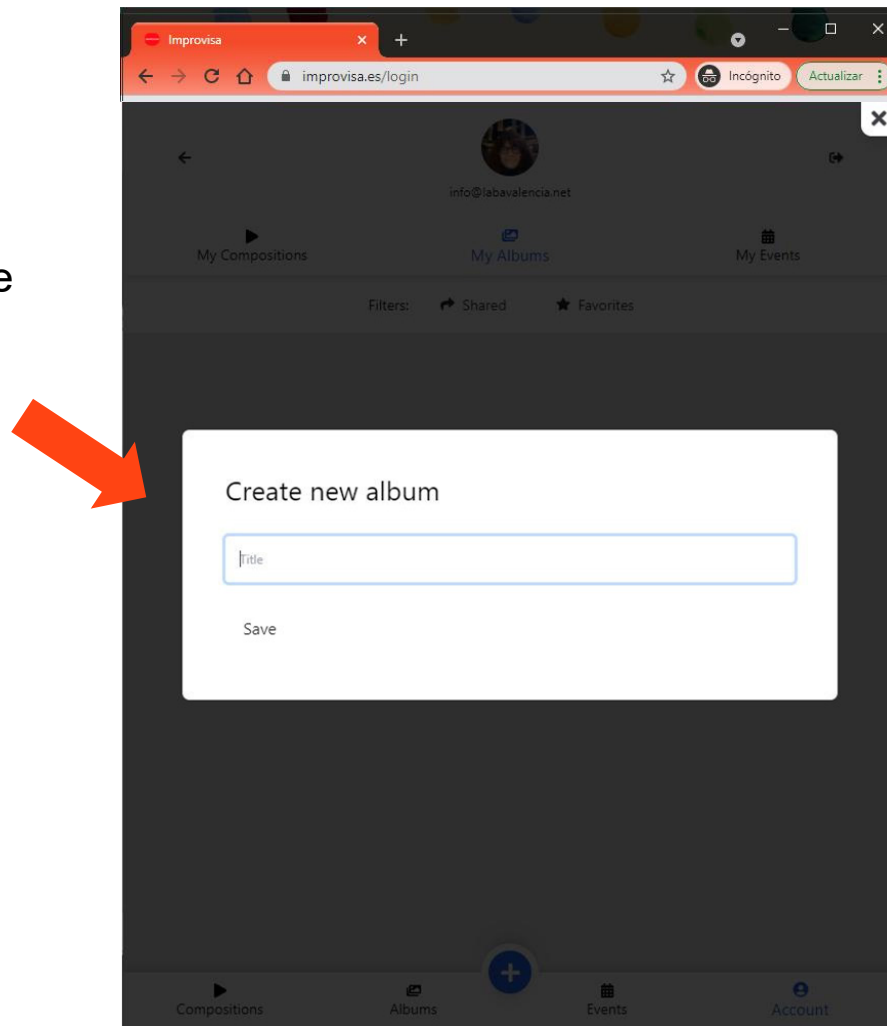

- create a new album
- click at any moment on your albums to edit the contents
- delete an album
- share an album

Click the button to create an album

My albums

After clicking on “New album”, a new window opens where you can write the title of the album.

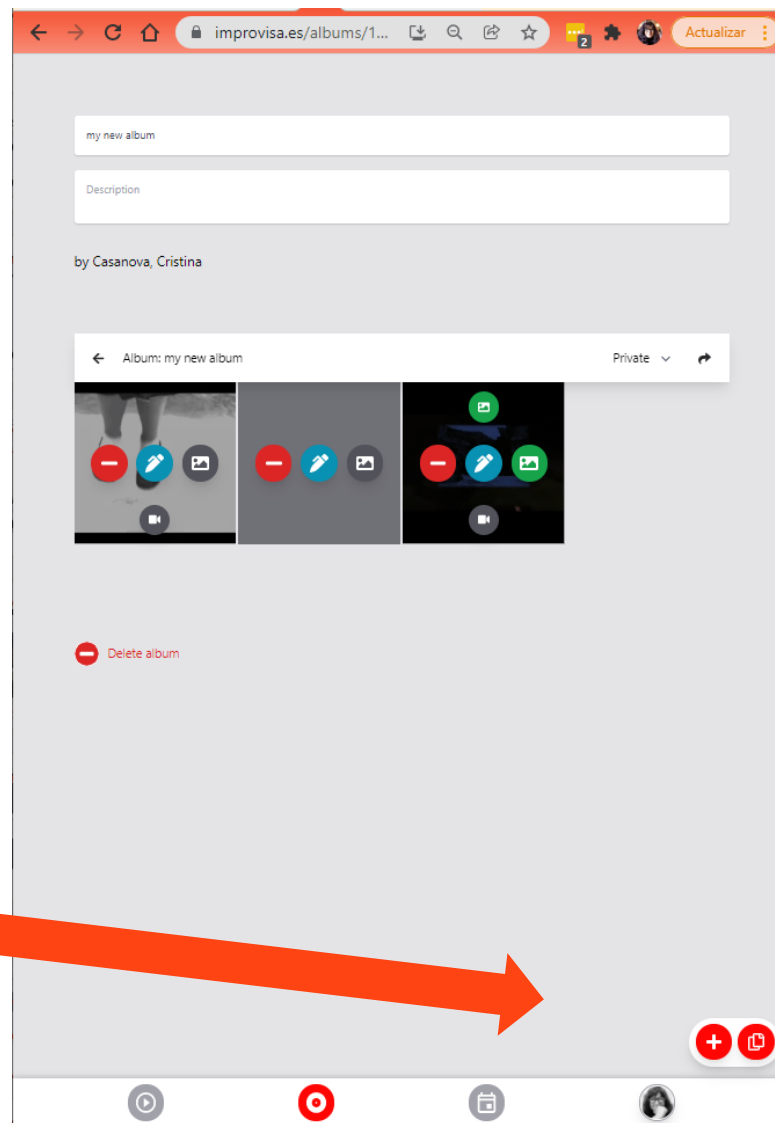

My albums

After entering the title, you will see the next screen where you can

- upload files
- add an album description
- decide whether the album is private or public
- share the album with other people so they can co-edit with you
- delete an album

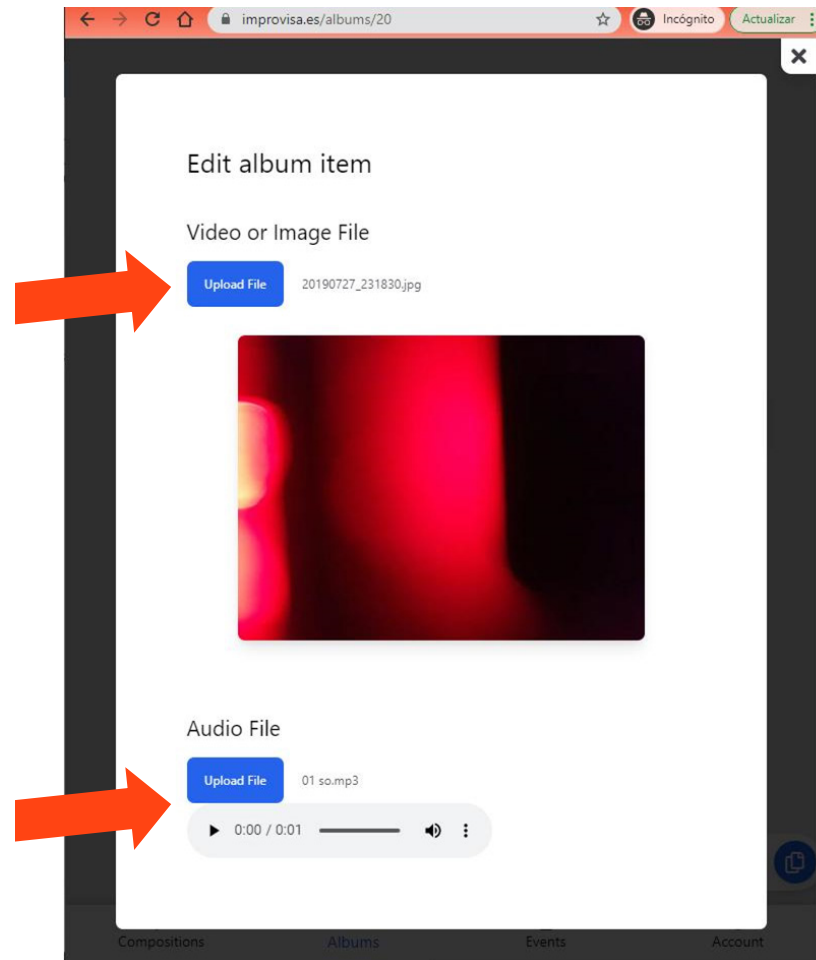

To upload files you have to click the + icon.

Upload contents to the album

Every time content is uploaded to a cell, the system allows assigning a video or photo file + an audio file.

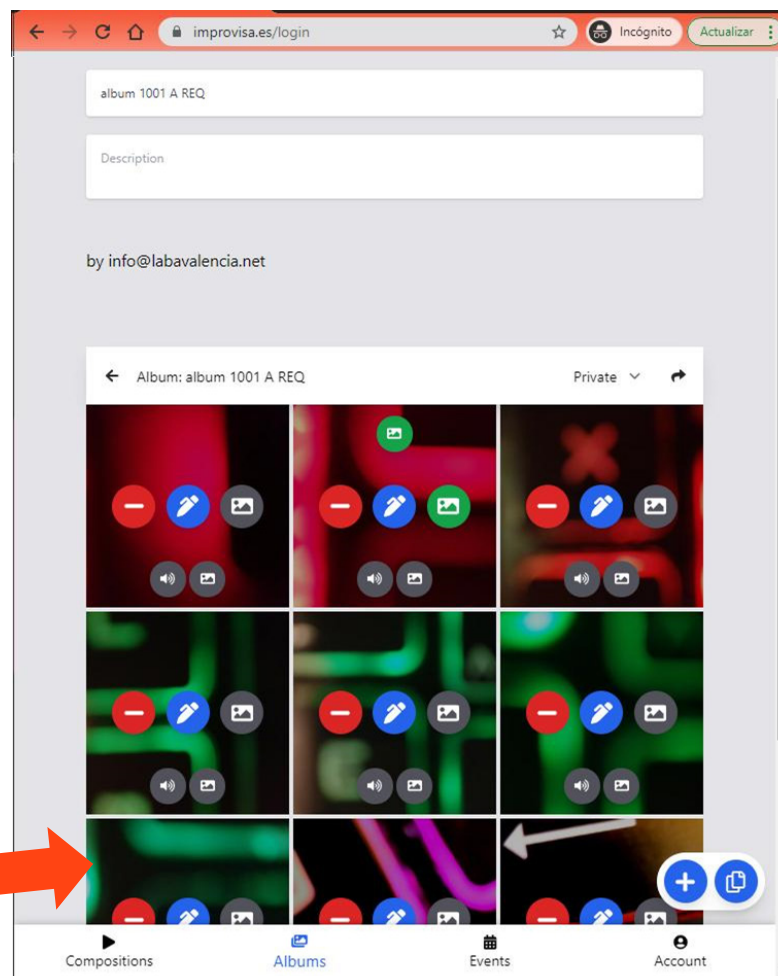

The system will trim both video and audio files to 1 minute maximum.

My albums

This version of Improvisa works both on MOBILES and computers with a keyboard. For that reason, each album can contain a **total of up to 26 cells** that correspond to the **26 keys of the English alphabet**, the universal one on computers.

You can re-edit the content at any time.

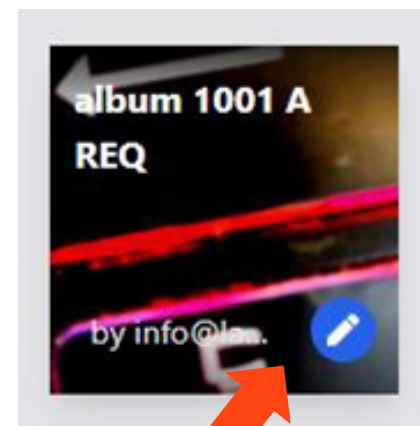

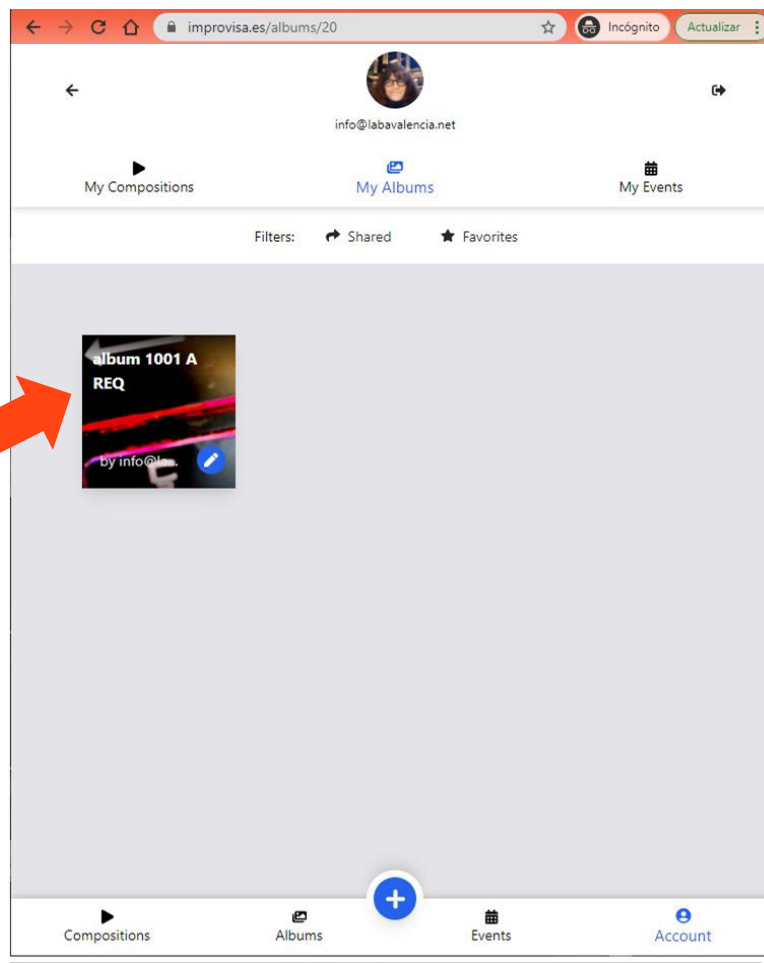

IMPROVISA

My albums

When you consider that you already have enough files uploaded to the album, click on return to get back to the previous screen.

Here's your album!

By clicking the centre of the image, the improvisation screen will open with the contents of that album.

You can re-edit the contents of your album at any time, just clicking the EDIT button

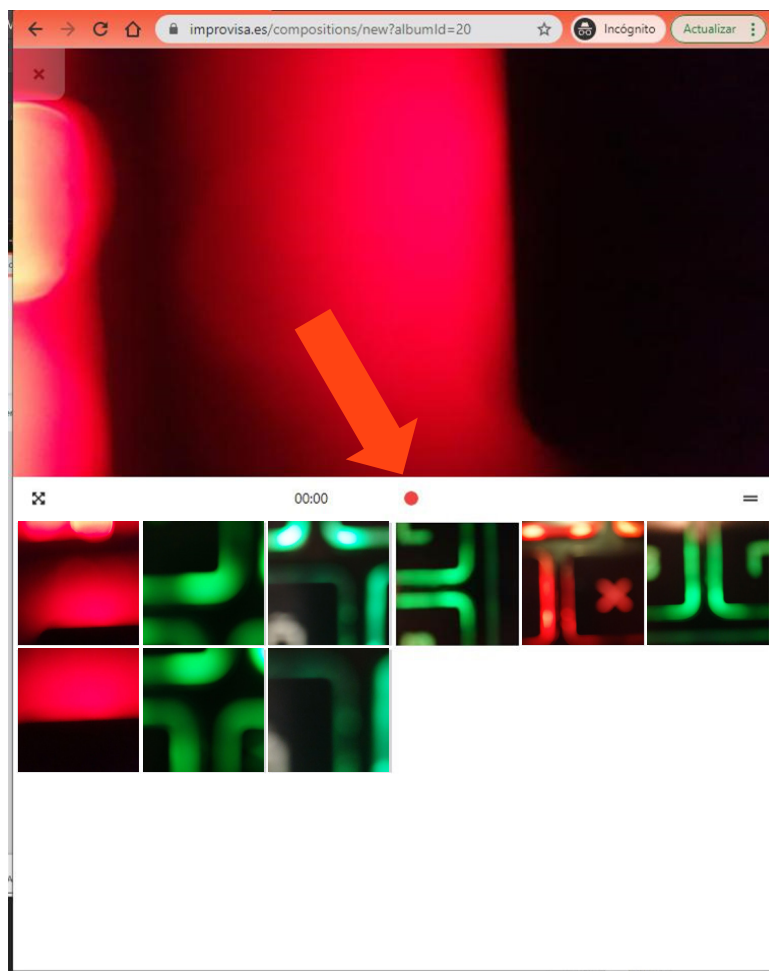

Improvisation SCREEN

1 - click the red REC button
in the middle

2 - and you can start playing
the computer keyboard. In
case you use a mobile
phone, the keyboard
appears at the bottom of the
screen.

To play the sound, you have
to keep the key pressed.

You can hold multiple keys
at the same time.

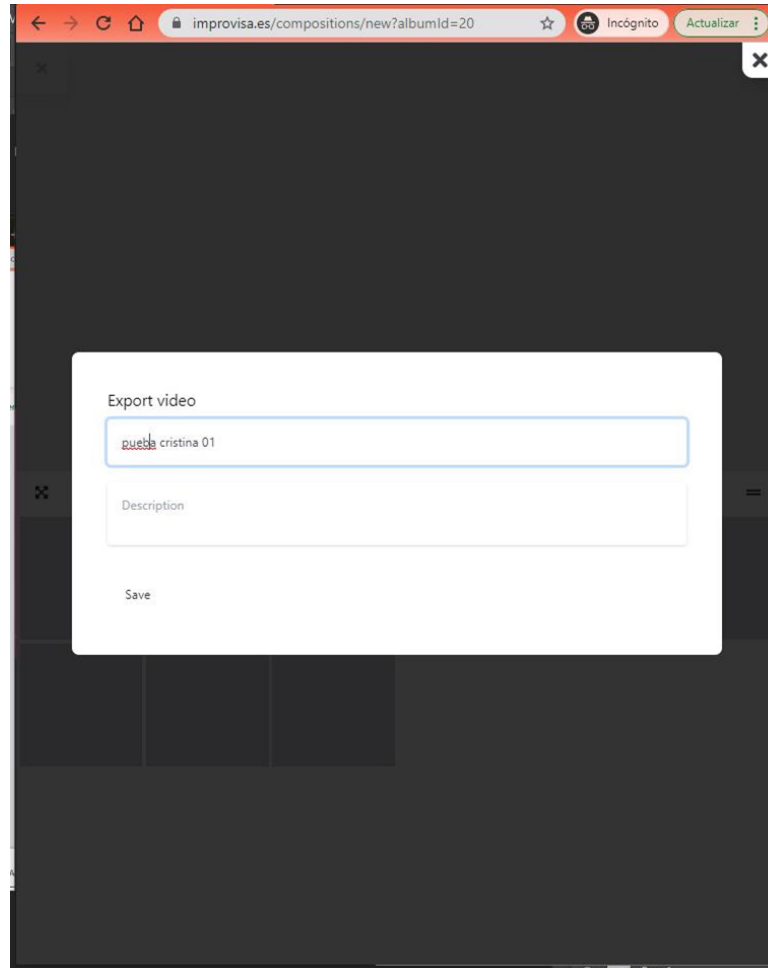

When you have finished your
composition, click the REC
button again to stop recording.

Save AND PUBLISH the recording

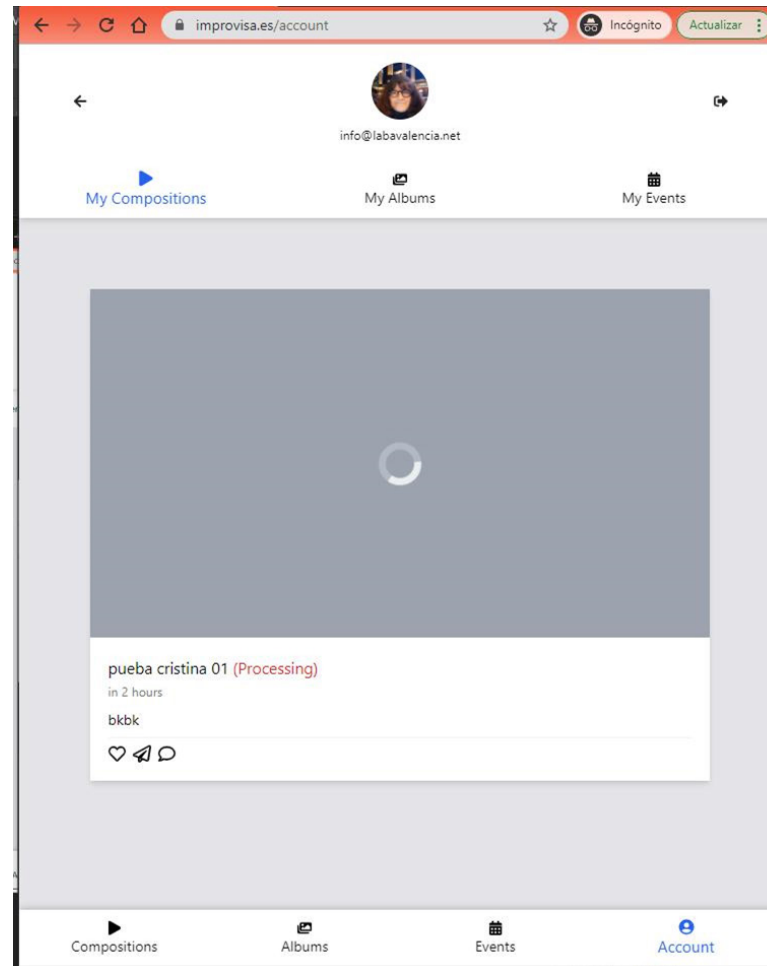

You can then save the recording. It will be rendered in video format, and it will appear after a while on the MY COMPOSITIONS screen.

My compositions

You can

- play
- delete
- download to your device in the highest quality
- publish on social media each of the videos generated with your compositions
